About

OUR MISSION

To empower and equip believers as witnesses for the Savior, to call people to repentance, and to inspire passionate discipleship as we prepare for Christ's return. We utilize various forms of media to create ministry resources that highlight life-altering historical stories of faith, as inspiration for believers to be passionate in discipleship. We work alongside ministries to educate, equip and empower people in evangelism in today's contemporary setting.

We do this in at least 3 ways:

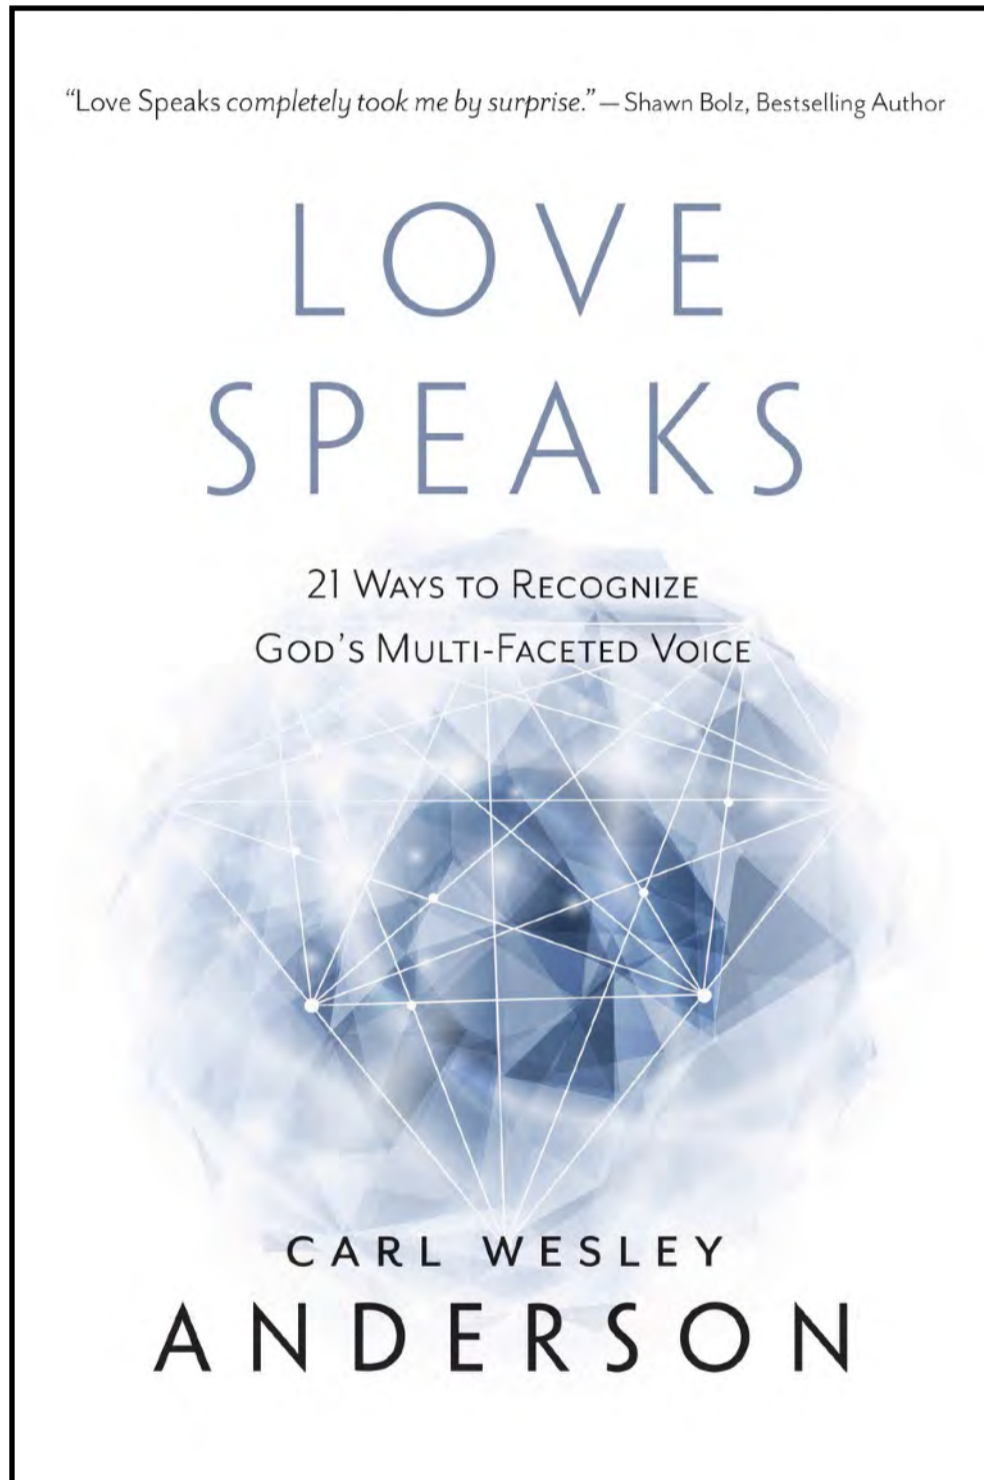

1. Discipleship motivation - (encouraging people/strengthening their resolve to have deeper fellowship with God).
2. Equipping believers in evangelism - (training people to share confidently and encourage others in evangelism - living out the Incarnate Christ in the world).
3. We assist churches and ministries with their vision to host outreaches, or provide messages which focus on sharing the Good News and themes of learning how to recognize God's multi-faceted voice.

Our core teaching centers around these four areas:

1. Establishing and equipping disciples in evangelism & increasing faith for healing the sick through understanding our Authority & Power in the Kingdom of God.
2. The importance of Prayer, and Prayer as our Most Powerful Weapon for ongoing victory.
3. Studies of the Last Days: tools for study of the Book of Revelation, and offering a refreshing approach to interpreting Last Days events in light of scriptural truth.
4. Hearing God's voice and learning to connect with God in a supernaturally natural way each week. He is speaking today. Are we listening? These themes are taught on a Sunday morning or Full Seminar.
